Project MARS International Art and Film Contest, NASA – USA

<https://beasiswaindo.com/scholarships/project-mars-international-art-and-film-contest-nasa-usa/>

NASA is leading the next steps of human space exploration in the vicinity of the Moon and on toward Mars. When astronauts venture to Mars, what will they see? How will they feel? What will they experience? What will they do? Project Mars invites college students and early career professionals to learn about NASA's deep space endeavors, including the Orion spacecraft, Space Launch System rocket and deep space gateway concept, and create their visualization of what this expedition may look like.

In collaboration with NASA, SciArt Exchange presents Project Mars Competition: your chance to tell the story of human exploration of deep space.
