Deutscher Akademischer Austausch Dienst
German Academic Exchange Service

These study scholarship aim to provide foreign applicants from the fields of Fine Arts, Design, Film, Music, Architecture as well as performing Arts (Drama, Direction, Dance, Chereography, etc) with an opportunity to complete a course of extension studies, without gaining a formal degree of qualification, or tp complete postgraduate or Master's degree course to gain a degree in Germany (Master's/Diplom), at a German state (public) or state-recognized higher education institution.

Duration:

- Extension studies without the purpose of gaining a degree: generally one academic year. In individual cases and upon application, scholarships may be extended.
- Study projects with the purpose of gaining degree: depending on the length of the chosen degree course or study project, between 10 and 24 months. Initially, scholarships are awarded for one academic year and can be extended upon application for students with good study achievements to cover the full length of the chosen degree course.

Value:

- The DAAD will pay a monthly scholarship of 750 Euros. As a rule, the scholarship additionally includes certain payments toward health insurance cover in Germany. In addition, the DAAD generally will pay an appropriate flat-rate travel allowance, unless these costs are covered by the home country or by another funding source. Furthermore, the DAAD will pay a study allowance and, where appropriate, a rent subsidy and family allowance.
- The internet-based language course "Deutsch-Uni Online (DUO)" is recommended to help students improve their German language skills. For scholarship holders, the DAAD will pay the courses fees for six months as from their receipt of the Scholarship Award Letter. Furthermore, scholarship holders can apply to the DAAD for a subsidy towards a personally chosen German course. Further information will be included with the Scholarship Award Letter.

Requirements:

- Applicants must have completed their studies in their home country – as far as possible- with a corresponding final degree. If the degree cannot be gained in the home country, their education and training opportunities in the home country must have been exhausted. No more than six years should generally have passed between the time when they gained their degree and the time of this application.
- If the chosen study project includes the several month long stay aboard, funding for this stay aboard will generally only be considered if it takes place in an EU Country (not in the home country) and lasts a maximum of 6 months and covers a maximum of 25% of the scholarship term.
- Applicants, who have been resident in Germany for longer than 15 months at the time application, cannot be considered.

Application papers:

- Detailed information of the application papers to be submitted can be found on the Application Form for "Research Grants and Study Scholarships" ("Antrag auf ein Forschungs-/Studienstipendium"), which can be obtained in the internet (www.daad.de/en/form) or from the diplomatic and consular representations of the
